USC is need-blind in its admission process. Students are admitted regardless of their ability to pay, and we work with families to meet the full financial need for qualified students.

Nearly two-thirds of USC undergraduates receive some sort of financial aid, including need-based grants, merit scholarships, Federal Work-Study and loans.

In 2021-2022, the university awarded more than $773 million in financial aid. More than 75 percent of that amount comprised grants and scholarships—gift aid that does not need to be repaid.

**Applying for Financial Aid**
financialaid.usc.edu

All applicants should complete the FAFSA and CSS Profile by the deadlines listed below. The process for obtaining need-based financial aid is the same for all students regardless of which admission deadline they applied by.

**First-Year Deadline for Early Action:** January 9, 2023

**First-Year Deadline for Regular Decision:** February 10, 2023

**Transfer Deadline:** March 2, 2023

**USC’s Affordability Initiative**
affordability.usc.edu

Newly admitted first-year students from U.S. families with an annual income of $80,000 or less (with typical assets) are able to attend USC tuition-free. This initiative boosts opportunities for students whose families earn too much to qualify for adequate aid but too little to afford a top-tier college education.
